

ASIAN MANUAL ADBLUE HOSE REEL

The ASIAN AdBlue Hose Reel is purpose-built for safe, efficient and contamination-free dispensing of AdBlue / DEF. Its robust construction and DEF-compatible seals ensure long life and consistent operation in workshops, service stations and industrial environments.

MANUAL HANDLE REWIND ADBLUE HOSE REEL

MODEL NO	HOSE SIZE	WORKING LENGTH	WORKING PRESSURE
AAT-MADHR- 3410	3/4" (19.1MM ID)	10 Meter	250PSI (17 BAR)
AAT-MADHR- 3415	3/4" (19.1MM ID)	15 Meter	250PSI (17 BAR)
AAT-MADHR- 3420	3/4" (19.1MM ID)	20 Meter	250PSI (17 BAR)
AAT-MADHR- 3425	3/4" (19.1MM ID)	25 Meter	250PSI (17 BAR)
AAT-MADHR- 3430	3/4" (19.1MM ID)	30 Meter	250PSI (17 BAR)
AAT-MADHR- 1010	1" (25.92MM ID)	10 Meter	250PSI (17 BAR)
AAT-MADHR- 1015	1" (25.92MM ID)	15 Meter	250PSI (17 BAR)
AAT-MADHR- 1020	1" (25.92MM ID)	20 Meter	250PSI (17 BAR)
AAT-MADHR- 1025	1" (25.92MM ID)	25 Meter	250PSI (17 BAR)
AAT-MADHR- 1030	1" (25.92MM ID)	30 Meter	250PSI (17 BAR)

APPLICATIONS

- Vehicle workshops
- Fuel Stations
- Industrial Adblue filling points

FEATURES

Manual Handle Rewind

Corrosion-Resistant Materials – stainless steel or powder-coated steel

DEF/AdBlue Compatible Seals (Viton/EPDM) to prevent leaks

Flexible Mounting – wall, floor or ceiling

Custom Hose Sizes & Lengths – built to your requirement

Note: Asian also Makes Manual as well as Customized Adblue Hose Reel according to the Customer Requirement
